OBJECTIVE

I am a 4th year Computer Engineering student at Rajamangala University of Technology Isan. I would like to apply for training at your company. I would be available participate for training from Nov 7, 2022, to Feb 24, 2023. My opinion, learning from working with the workplace is making much understanding than study in the classroom.Sometimes there will be problems getting to the internship. I will be able to ask people who have knowledge and experience. It will help to suggest better solutions.

EDUCATION

Computer Engineering   2018 - Present

Rajamangala University Of Technology Isan, RMUTI

Bachelor of Engineering (B.Eng)

Project - Develop EA Learning Management System.

Computer Hardware   2016 - 2018

Yasothon Technical College
